## Summary

---

- Accomplished problem solver with 1.10 years of experience building robust mobile applications in Xamarin Forms .NET MAUI and the ASP.NET Zero framework.
- Background includes a strong knowledge of C# for back-end development and extensive experience in front-end development, ensuring a holistic understanding of the development lifecycle.
- Proficient in creating and managing resources on Azure for seamless deployment of both frontend and backend components, optimizing performance and scalability.
- Excellent troubleshooting and analytical skills, coupled with a well-organized and self-motivated approach. Adaptable to diverse teams and projects, with effective communication and interpersonal skills.
- Proven ability to communicate effectively with clients, providing knowledge, expertise, and support. Ensured clients' requirements were fully met.
- Advanced expertise in the end-to-end process of publishing mobile applications on both the App Store and Google Play Store, expanding the reach of applications to a wider audience.

## Experience

### Jr. Software Developer

[Taritas Software Solutions](#)

NOV 2022 – Ongoing

#### Swasth Bharat Mobile App | Mobile and Web App Project

**Description:** Transformed healthcare by facilitating seamless patient-doctor interaction through a pre-consultation health questionnaire. Implemented an innovative scoring system providing doctors with vital health insights. Strengthened data security for enhanced patient care, improved doctor-patient relationships, and promoted proactive health management.

**Technologies:** .NET MAUI, ASP.NET API

#### Swasth Bharat Web App | Comprehensive Healthcare Platform

**Description:** Revolutionized healthcare by providing doctors a robust platform to manage patient health forms. Streamlined consultation processes, prioritized patient care, and enhanced satisfaction. Future plans include electronic health record integration and AI-driven clinical support for improved efficiency.

**Technologies:** ASP.NET Boilerplate, Azure

#### Digi Notary Mobile App | Efficient Notary Management

**Description:** Developed the secure Digi Notary mobile application using the ASP.NET Zero framework. This innovative solution streamlined notary tasks through a user-friendly interface catering to administrators and users. Administrators enjoy privilege management, while users seamlessly submit vital forms, incorporating a cutting-edge digital signature feature. This addition

revolutionizes notary work, allowing anytime, anywhere transactions without the need for physical notary books. Redefined notary processes by seamlessly integrating efficiency, accessibility, and advanced digital signature capabilities.

**Technologies:** ASP.NET Zero, Xamarin Forms, C#

#### **Digi Notary Web App | Document and Account Management**

**Description:** Administered document and account types efficiently. Designed an intuitive user interface with separate frontend and backend on Azure for scalability. Enabled notaries globally to notarize documents securely with end-to-end encryption.

**Technologies:** ASP.NET Zero, Azure

#### **Shardule App | Online Auction & E-commerce Platform**

**Description:** Facilitated seamless online auctions for product organizing and participation. Sellers showcased items, buyers placed bids, and real-time negotiations streamlined the process. The app ensured a reliable, user-friendly, and speedy system for optimal deals in buying and selling experiences.

**Technologies:** Xamarin Forms, C#, LINQ

#### **My Stuff App | Stuff Organizer Mobile Application**

**Description:** Streamline your life with 'My Stuff' - the ultimate inventory manager. From electronics to antiques, it effortlessly catalogues all your belongings. Say hello to organized living.

**Technologies:** .NET MAUI,

## **System Engineer**

**Infosys Limited**

JUNE 2022 – OCT 2022

Implemented and maintained firewalls, intrusion detection/prevention systems, and other security technologies to safeguard against cyber-attacks.

## **Education**

---

Gyan Ganga College of Technology, Jabalpur  
Bachelor of Engineering

2015 – 2019,  
Jabalpur, M.P.

Mission English Higher Secondary School  
Class 12<sup>th</sup> Boards

2015,  
Seoni, M.P.

Mission English Higher Secondary School  
Class 10<sup>th</sup> Boards

2013,  
Seoni, M.P.

## **Skills**

---

- Programming Languages: Python, C#, XAML, JavaScript
- Technologies: Xamarin Forms, .NET MAUI, ASP.NET MVC, Web services (RESTful), ASP.NET Boilerplate, ASP.NET Zero
- Database Management Systems: MySQL
- Development Tools: Visual Studio, Visual Studio Code, Azure, SQL Server,
- Version Control Systems: Git, GitHub • Knowledge of OOPs, SOLID principles.
- OS: Windows, Mac.
